Giovanni is a mechanical engineer, having graduated in Rome in 1988.

In the early stage of his career, he carried out tasks of increasing responsibility in the aircraft maintenance sector for a leading airline.

He then acquired twenty years of experience in important Italian multi-utilities, mainly dealing with Public Lighting and waste treatment.

He has held roles as CEO of leading public service companies in the Waste to Energy sector. He was President of the company Acea Ambiente and Vice President of the company Deco S.p.A.

He is a strategic and management consultant in the Waste Management & Recycling, Energy & Power Distribution sectors.

Giovanni is a Senior Advisor at D&P as well as the Director of the Circular Economy business area.
